

STATE OF WASHINGTON
DEPARTMENT OF NATURAL RESOURCES
BRIAN J. BOYLE, Commissioner of Public Lands

Easement No. CR-3180

THIS EASEMENT, made and entered into this 22nd day of March, 1982, by and between GRANT COUNTY, herein called the "Grantee," and the STATE OF WASHINGTON, acting by and through the Department of Natural Resources, herein called the "State," WITNESSETH:

The State for and in consideration of the terms and conditions specified herein, hereby grants and conveys to the Grantee:

An easement for a right of way for the sole purpose of construction, operation, use, and maintenance of a road over and across a location as shown on Plat No. CR-3180 filed in the office of the Commissioner of Public Lands at Olympia, Washington, copies of which are attached as Exhibits A, B, C, D, E, F, G, H, I, J, K, L, M, A-1, B-1, C-1, D-1, E-1, F-1, G-1, H-1, I-1, J-1, K-1, L-1, M-1, A-2, B-2, C-2, D-2, E-2, F-2, G-2, and H-2, indicating said right of way in red, and by this reference made a part hereof, all in Grant County, Washington. Provided, the Grantee may permit the installation of utilities specifically pertaining to electronic transmission lines, telephone lines, or pipelines but for no other purposes.

This easement granted herein is subject to the following terms, conditions, and provisions:

Subject, however, to an easement for right of way for a transmission line granted to Washington Water Power Co. on December 2, 1925, under Application No. 12330.

Subject, however, to an easement for right of way for a transmission line, granted to the United States of America, Bonneville Power Administration on June 24, 1943, under Application No. 17208.

Subject, however, to an easement for right of way for a transmission line, granted to Washington Water Power Co. on April 2, 1948, under Application No. 20113.

Subject, however, to an easement for right of way for a telephone cable, granted to Pacific Telephone and Telegraph Co. on January 12, 1960, under Application No. 26621.

Subject, however, to an easement for right of way for a transmission line, granted to Washington Water Power Co. on April 4, 1963, under Application No. 28322.

Subject, however, to an easement for right of way for a telephone cable, granted to Pacific Northwest Bell Telephone Co. on September 2, 1965, under Application No. 30316.

Subject, however, to an easement for right of way for a microwave station and access road, granted to General Telephone Company of the Northwest on May 1, 1966, under Application No. 31180.

Subject, however, to an easement for right of way for a water pipeline, granted to Clayton Michael on February 27, 1973, under Application No. 35511.

Subject, however, to an easement for right of way for a transmission line, granted to Grant County Public Utility District No. 2 on December 2, 1974, under Application No. 37653.

Subject, however, to an easement for right of way for a road and canal, granted to the United States of America, Bureau of Reclamation on April 1, 1977, under Application No. 40250.

Consideration

The consideration paid by the Grantee to the State is as follows:

None: The benefits accruing to the State from the granting the public access rights offset the damage done to the land by the same grant.

Damage and Protection from Damage

Grantee, when using the rights granted herein, shall repair or cause to be repaired at its sole cost and expense, all damage to improvements on State lands occasioned by it, which is in excess of that which it would cause through normal and prudent use of said rights.

All legal land subdivision survey corners and witness objects are to be preserved. If such are destroyed or disturbed, the Grantee shall re-establish them by a registered professional engineer or licensed land surveyor in accordance with U. S. General Land Office standards at his own expense. Corners and/or witness objects that must necessarily be disturbed or destroyed in process of construction must be adequately referenced and/or replaced in accordance with all applicable laws of the State of Washington in force at the time of construction, reconstruction, or development of the right of way including but not limited to chapter 58.24 RCW, and all Department of Natural Resources rules and regulations pertaining to preservation of such corners and/or witness objects. Such references must be approved by the State prior to removal of said corners and/or witness objects.

The Grantee shall prevent the establishment of weeds upon, and the spread of weeds from, any portion of the right of way herein granted which is adjacent to cultivated State lands and shall further comply with the county noxious weed control board rules and regulations established under the Uniform Noxious Weed Control Statute (Chapter 113, Laws of 1969 Ex. Ses.). Payment of weed control costs will be the Grantee's responsibility.

In the event the county noxious weed control board directs the Grantee to control weeds or the Grantee elects to kill or control the growth of weeds and/or brush by chemical treatment within or in proximity to said right of way, he shall use only those chemical agents, the container labels of which have been registered with the Washington State Department of Agriculture. Such use must be in accordance with the labeled directions and approved of jointly by the Washington State Department of Agriculture and the County Extension Agent before commencement of any control program.

Preoperating Requirement

The Grantee's operations specified herein shall be conducted in accordance with the provisions of the State approved Plan of Operation in force at the time of construction, reconstruction, or development of the right of way.

Provided, however, thirty (30) days prior to commencement of said operations, the Grantee shall submit to the Area Manager at Ellensburg, Washington, for written approval, a complete and detailed Plan of Operation for the development of the right of way. The Grantee shall provide for the examination of the right of way, with the State's Area Manager, before any construction, reconstruction, or development is commenced.

Restoration

It is understood and agreed that in the event any portion of the road described herein is abandoned, the Grantee shall take the necessary legal action to vacate such portions and shall immediately restore the land within all abandoned portions to a natural condition as may be directed by the State.

On those portions designated for restoration, all asphalt shall be removed from the abandoned right of way and shall not be deposited on the adjacent State land; in addition, the land surface shall be scarified to blend with the adjoining landscape.

Notice of Noncompliance

The State shall notify the Grantee by United States mail, addressed to the address shown on the application for this easement on file with the State in Olympia, Washington, of any instance of noncompliance by the Grantee, its employees, permittees, contractors or subcontractors with any of the terms and conditions hereof. Such notice will specifically identify the manner of noncompliance herewith.

In the event the Grantee does not undertake, or cause to be undertaken, remedial action within fifteen (15) days following receipt of said notice, the State, acting by and through its Area Manager at Ellensburg, Washington, may suspend the Grantee's operations until such time as effective remedial action is taken.

IN WITNESS WHEREOF, the parties hereto have executed this instrument, in duplicate, as of the day and year first above written.
